New Modified Insurance Plan Open to Veterans

A new plan of permanent GI insurance — called "modified life" — is being made available to all holders of National Service Life Insurance through the new law which re-opens NSLI for disabled veterans of World War II and the Korean Conflict, Mort Webster, manager of VA's Southern California Regional Office said today.

However, the one-year limitation does not apply to the issuance of these "modified life" policies. They will continue to be issued after May 1, 1966, Webster said.

The VA plans to notify all term policyholders at the time of renewal of the opportunity to obtain "modified life" policies.

Any type of National Service Life Insurance, including policies already issued, may be exchanged for or converted to this new plan which will be issued at lower premium rates than the present plans.

The "modified life" plan provides a level premium through the life of the insured. However, the face value will be reduced automatically 50 per cent when the insured veteran reaches the age of 65.

At that time, the policyholder will have the option of restoring the full amount of coverage by purchasing ordinary life insurance without a medical examination.

Jehovah's Witnesses Slate Semi-Annual Circuit Meeting

"Speak the Word of God with Boldness" is the theme of the semi-annual circuit assembly of Jehovah's Witnesses, to be held in the Longshoremen's Memorial Auditorium in Wilmington Dec. 11-13.

Leonard Olliff, presiding minister of the Torrance Congregation, said the program is designed to "equip everyone of the preaching fellowship of Jehovah's Witnesses in the practical use of the Bible as a help in fortifying the spiritual needs of people in our community."

A model ministry school will be held Dec. 11 at 8:45 p.m., to be followed by talks and demonstrations. A baptismal talk will be given at 1:30 p.m. Saturday, Dec. 12, and all new ministers will then be baptized at a local immersion site.

John Sutherland, district supervisor, will speak at 3 p.m. Dec. 13. His subject will be "Our Divided World — Is It Here to Stay?"

Chairman, Quality Control

Meet the most important person in our lives: a customer.
As an investor-owned, business managed company, all Southern California Edison plans and all Edison people have one big objective: customer satisfaction.

We move ahead only as we serve and please our customers.
And most of our customers are also owners of the electric utility industry.

It's a fact! If you have a bank account, carry insurance, belong to a "fund" or any organization with money to manage, you are probably an indirect owner. And if you have invested part of your savings in companies such as Southern California Edison, then you are a direct owner.

No wonder Edison service is perpetually polished and perfected. The boss is all around us!

Nearly everyone has an important stake in the electric utility industry

DIRECT INVESTORS	
Shareholders	4 million
Bondholders	Number unknown

INDIRECT INVESTORS	
Life Insurance Policyholders	130 million
Mutual Savings	
Bank Depositors	22.5 million
Members, Shareholders, Policyholders in Charitable, Fraternal, Religious, Educational Organizations and Foundations	Total number unknown

The ownership of America's electric utility industry is a picture of power widely owned and well-managed for the benefit of almost everyone. The investor-owned electric utilities are constantly protecting the interests of their customers (who are also their owners) by increasing efficiencies to make electricity one of today's biggest bargains.
